

SNAPPER XD

82V MAX
LITHIUM-ION
Battery Powered System

More convenience. More possibilities.

Unlimited power with 16+ tools.

The Snapper® XD 82V Max¹ Lawn and Garden System powered by Briggs & Stratton offers powerful, durable and reliable battery powered tools that deliver on performance. The complete system continues to grow and now offers over 16 tools compatible with a 2Ah, 4Ah or 5Ah Briggs & Stratton® Lithium-ion Battery⁴ and Brushless Motor Technology. You can mow, trim, haul, saw, clip, blow and till through yard work with ease.

Key features:

- 82V Max¹ lithium-ion 2Ah, 4Ah or 5 Ah battery allows for quick charging and consistent power
- Brushless motor provides high efficiency and longer life
- Overmolded handle provides an ergonomic grip and operator comfort
- Durable metal battery release button withstands years of use
- Hassle-free and convenient - no cords, gas or maintenance... just charge and go

BATTERY/CHARGER
WARRANTY⁵

¹Maximum initial battery voltage (measured without workload) is 82-volts. Nominal voltage is 72.

²Battery and charging station sold separately.

³Kit and bundles include (1) 2Ah battery and (1) Rapid Charger. All mowers (19", 21", 21" SP) include (2) 2Ah batteries and (1) Rapid Charger.

⁴Chain saw for use with 2Ah battery only.

⁵See operator's manual or www.snapper.com for complete consumer warranty details, battery warranty valid for residential consumer use only.

⁶Run time, charge time and output capacity may be affected by conditions.

Why Briggs & Stratton?

- **Longevity:** The higher voltage and internal cooling of Briggs & Stratton® Batteries add to their longevity by reducing heat versus lower voltage batteries that rely on higher amps.
- **Memory:** Briggs & Stratton® Batteries do not have memory, so there is no need to run it all the way down before charging it. Whether used for 5-minutes or 20, these batteries can be recharged without adverse affects.
- **Storage:** A fully charged Briggs & Stratton® Battery loses less than 1% of its charge per month when stored, i.e. if stored over winter. The affect of temperature swings on the amount of energy stored in these batteries is negligible.

2Ah, 4Ah or 5Ah Lithium-Ion Battery

- 82V Max¹ Lithium-ion battery technology for consistent power
- Four charging indicator lights display the level of charge
- Charges with Briggs & Stratton® Rapid Charging Station

Note: Do not store battery on charging station. Remove battery from charging station once fully charged.

Walk Mowers

- Heavy-duty steel 3-in-1 mowing deck
- Smart, efficient load sensing technology
- Available self-propelled model with speed control lever
- Compact vertical storage capability
- Single-lever, 7 height-of-cut adjustment
- Comfortable, ergonomic rubber handle and touch-points
- Kits¹ include two 2Ah batteries for longer run time

String Trimmer Attachments

Make your String Trimmer Five-Products-in-One!

Brush Cutter

SBC82A	
Cutting Width	7.5-inch
Number of Blades	3
Blade Material	Steel

Pole Saw

SPS82A	
Chain	10-inch Oregon® Chain with Mirco Chisel Tooth, .5" Gauge, 3/8" Pitch
Bar	10-inch Oregon® Steel Bar with Plastic Cover
Oil Capacity	200 mL
Other Features	90° Pivoting Head

Cultivator

SC82A	
Max Tilling Width	10-inch
Tine Quantity/ Diameter	4 / 8-inch
Other Features	Tilling Width Adjusts with the Removal of Outer Tines

Hedge Trimmer

SHT82A	
Blade Length	17-inch
Blade Material	Steel
Other Features	90° Pivoting Head

Need Additional Reach?

The 2.13-foot extension pole will give the hedge trimmer or pole saw attachment additional length for those hedges or limbs just out of reach.

E82A

¹Maximum initial battery voltage (measured without workload) is 82-volts. Nominal voltage is 72.

²Run time, charge time and output capacity may be affected by conditions.

³Product weights are product without battery, kit weights are product plus 2Ah battery.

Self-Propelled Utility Cart

SXDOC82	
Motor Type	Brushless / 300-watts
Starting Type	Push Button
Battery Compatibility	Briggs & Stratton® 82V Max ¹ Lithium-Ion 2Ah, 4Ah or 5Ah
Battery / Charger	Sold Separately / Sold Separately
Run Time ²	Up to 180-minutes (2Ah Battery)
Speeds	2 Forward & Reverse Options (Up to 2.6 mph)
Front Wheels	12" x 5"
Rear Wheel	8" Caster with Foot Brake
Product Weight ⁴	86.5-lbs

- Large 3.7 cu-ft rust-resistant cargo bed³ dumps contents effortlessly with quick-release lever.
- Fully powered for easy self-propelled forward and reverse operation.
- Heavy-duty transmission and reinforced steel frame for added durability.
- Steel hitch for towing at speeds up to 6 mph. Folds away when not in use.

Cultivator

SXDC82	
Motor Type	Brushless / 800-watts
Starting Type	Push Button
Battery Compatibility	Briggs & Stratton® 82V Max ¹ Lithium-Ion 2Ah, 4Ah or 5Ah
Battery / Charger	Sold Separately / Sold Separately
Run Time ²	Up to 30-Minutes (2Ah Battery)
Maximum/Minimum Tilling Width	10-inch / 8.25-inch
Tines Quantity / Diameter	4 / 8-inch
Max Tilling Depth	Up to 5-inches
Product Weight ⁴	27.1-lbs

- Removable outer tines allow for adjustable tilling width, from 10-inches to 8.25-inches
- Sealed metal gear drive transmission for added durability
- Removable 8-inch wheels for increased digging performance
- Heavy-duty handlebars, with ergonomic front handle for easy transport

Snow Shovel

- A 12-inch clearing width can clear snow up to 6-inches deep quickly and easily
- Throws snow up to 20-feet²
- Motor weight is strategically positioned at the bottom for weight distribution and easier control

	SXDSS82	SXDSS82K
Motor Type	Brushless / 1000-watts	
Starting Type	Push Button	
Battery Compatibility	Briggs & Stratton® 82V Max ¹ Lithium-Ion 2Ah, 4Ah or 5Ah	
Battery / Charger	Sold Separately / Sold Separately	2Ah Included / Charger Included
Run Time ²	Up to 45-Minutes (2Ah Battery)	
Clearing Width / Depth	12-inch / Up to 6-inches	
Auger Diameter	6-inch	
Product Weight ⁴	43.4-lbs	46.7-lbs

¹Maximum initial battery voltage (measured without workload) is 82-volts. Nominal voltage is 72.

²Run time, charge time and output capacity may be affected by conditions.

³Weight limit: 220-lbs on level cement surfaces - overloading may cause injury and could permanently damage unit.

⁴Product weights are product without battery, kit weights are product plus 2Ah battery.

Chain Saw

SXDCS82	
Motor Type	Brushless / 1200-watts
Starting Type	Push Button
Battery Compatibility	Briggs & Stratton® 82V Max ¹ Lithium-Ion 2Ah Only
Battery / Charger	Sold Separately (2Ah Only) / Sold Separately
Number of Cuts ²	Up to 160+ (On a Full 2Ah Charge)
Chain	18-inch Oregon® with Chamfer Chisel Tooth, 0.5" Gauge, 3/8" Pitch
Bar	18-inch Oregon® Steel Bar with Plastic Cover
Oil Capacity	200 mL
Product Weight ³	11.9-lbs

Sold Separately (part# 770258)

- Onboard tension adjustment tool to keep chain conveniently adjusted
- Rugged metal handle with comfortable, ergonomic rubber grip and touch-points
- Base-mounted metal gripping teeth for maximum cutting leverage
- Auto-oil system for chain lubrication
- Blade safety lock-out handle points

Pole Saw

- Up to 8.8-foot reach with included extension pole
- Motor weight positioned in base, not cutting head, for handling ease
- Auto-oil system for chain lubrication
- Durable 1-inch aluminum shaft with cast metal connector
- Comfortable, ergonomic rubber handle and touch-points

SXD82ZPS	
Motor Type	Brushless / 800-watts
Starting Type	Push Button
Battery Compatibility	Briggs & Stratton® 82V Max ¹ Lithium-Ion 2Ah, 4Ah or 5Ah
Battery / Charger	Sold Separately / Sold Separately
Run Time ²	Up to 30-minutes (2Ah Battery)
Number of Cuts ²	Up to 95 cuts (On a Full 2Ah Charge)
Chain	10-inch Oregon® Chain
Bar	10-inch Oregon® Steel Bar with Plastic Cover
Oil Capacity	200 mL
Product Weight ³	13.2-lbs

Up to 90° Pivoting saw head for cutting ease.

¹Maximum initial battery voltage (measured without workload) is 82-volts. Nominal voltage is 72.

²Run time, charge time and output capacity may be affected by conditions.

³Product weights are product without battery, kit weights are product plus 2Ah battery.

More convenience. More possibilities. Unlimited power with 16+ tools.
